

ONDA

DISINFECTANT - DETERGENT, SCENTED DEODORANT

- According to EN Test: EN 1040, EN 1275 (Candida Albicans), EN 1276, EN 13697 (bactericidal)
- Suitable for daily cleaning and disinfection of all washable surfaces
- Excellent deodorising effect

ONDA is a dual-action disinfectant-detergent. The active ingredient benzalkonium chloride, together with the non-ionic surface-active agents and balsamic essences, guarantees a certain disinfecting and cleaning, in addition to deodorising, effect. ONDA is particularly suitable for disinfecting and deodorising rooms where there is the risk of contamination, and however in all rooms used by the public (hospitals, schools, hotels, offices, locker rooms, bathrooms). *Regulatory requirements surrounding the biocidal registration may vary according to each Country.

HOW TO USE

As disinfectant/cleaner for floors and various surfaces: dilute with water from 2 to 4% (200 ml to 400 ml for 10 litres). Spread the solution with a mop or rag, leave to act for 5 minutes, then pass over again with the wrung mop or rag to recover the exhausted solution. As deodorant for bathrooms, lavatories and washable walls: pour a few drops of concentrated ONDA on a sponge and pass over the surfaces to clean. As deodorising disinfectant for rubbish bins and toilets: dilute ONDA 1:1 with water (1 litre of ONDA for each litre of water), apply and leave to act for 5 minutes before rinsing, if rinsed.

DILUTION

2% - 4% (200 ml to 400 ml in 10 L of water). Some drops of pure product on a sponge for deodorising action.

TECHNICAL DATA

ASPECT: Clear liquid
PERFUME: Pine mentholated
COLOR: Blue
ACTIVE SUBSTANCE [%]: 9,5 ± 1,0
PH: 9,0 ± 0,5
DENSITY: 0.998

PICTOGRAMS

WARNINGS

Do not mix ONDA with anionic detergent or soap. They nullify its disinfectant power. Causes skin irritation. Causes serious eye irritation. Toxic to aquatic life with long lasting effects. Wash hands thoroughly after handling. Wear eye protection. If eye irritation persists: Get medical advice/attention. Collect spillage. Dispose of contents/container in accordance with applicable regulations.

NOTES

Only for professional use. Safety data sheet available on request.
